Liz brought up a mistake that was made in the last minutes about the slawitwaite hub; it is not opening in September. The contact has only just gone to tender.

Liz and and Jenni have met with John Fletcher and he has informed us that there is funding to provide lights at the multi court and he also has some funding to put in some play equipment for junior aged children. One of his staff team, Marika will be contacting Jenni soon to do a consultation with young people to see what kind of equipment they would like. Leisure service staffs are now based by the National Trust centre.

Marsden Community Association - The MCA have agreed for the MYAC group to become a sub group of themselves so that grants and formalities can be passed through them. A meeting is to be set up in the near future to finalize guidelines etc.

Next meeting date to be confirmed
